Searching for Photographs

The PA History Society Photography Collection is stored in two places: featured photograph collections on the PAHx website (www.pahx.org) and the entirety of the photograph collections stored in the PastPerfect™ Database.

Searching for a "Featured" Photograph Collection

To search for a photograph that is on the PAHx website, simply locate the orange SEARCH box in the lower right corner of <u>any page</u> on the website and type in the name of the person or subject you wish to search for.

*NOTE: A website search will only pull up photographs in featured collections on the PAHx website. If the website SEARCH results do not display the person's name or the photographs that you are looking for, please visit the complete photograph collections catalog available on the PastPerfect™ Database.

Searching the PastPerfect™ Database

Once on the Photography Collection webpage (https://pahx.org/photos/), please click on the gold highlighted link to open the PastPerfect™ Database.

PHOTOGRAPHY COLLECTION

The Still Image Collection contains images created by the Society and by organizations, institutions and individuals who have gifted their collections to the Society to be maintained or added to the Society's digital collection. Slides, photographs, negatives and other print images have been digitized using cameras or scanners. Most of the images are portraits and informal snapshots of individual professional leaders. Many show groups attending various meetings and events. Some images are scanned from magazine, newsletter and newspaper clippings.

Please contact us about photographs or other images that you own and would like to donate to our collection and let us know should you have additional information about any of the images displayed on this website, such as date, names of people in photograph, photographer, contributor, etc.

NOTE: Some items in our collection may be copyright protected. Please review our Terms of Use.
